**Watchu Mountain "Fast Pass" Certified:** \_\_\_\_\_  
(Watchu Staff Signature) (Date)

# Watchu Passport Requirements

- **Crew Roster:** Make two (2) copies of your up-to-date Crew Roster (using the Word document provided) and turn in to the Watchu Administrator at each of the four Advisor Briefings.
- **BSA Registration & Uniform:** All members of your crew must be registered as members of the Boy Scouts of America with uniform and be in possession of a BSA registration card when traveling. There are a variety of reasons for this requirement, but most important to you is the guarantee of being covered by the BSA insurance program. BSA Registration Cards will be checked.
- **Watchu Wilderness Pledge:** All members of your crew must sign the Watchu Wilderness Pledge. The form with original signatures is to be submitted to the Watchu Administrator.
- **Youth Protection:** All members of your crew must have completed the Patriots' Path "Youth Protection Program". Youth members must view the "Youth Protection Video" which was presented to each crew at the November Briefing. We will ask you to testify in writing that this requirement has been completed. All crew advisors must complete the Patriots' Path Youth Protection Program for adults. All advisors must be in possession of a Youth Protection Certification Card. Youth Protection Certificates will be checked.
- **Wilderness First Aid and CPR:** Your crew must meet the Philmont requirement for Wilderness First Aid and CPR certification. As listed in the *Council and Unit Planning Guide*, Philmont requires one crew member certified in both be with the crew at all times in the backcountry. Chief Watchu strongly recommends that three members of your crew be certified in Wilderness First Aid, the others certified in Standard First Aid, and all be certified in CPR. Certification cards for those members who qualify will be checked.
- **Weather Hazard Training:** At least one advisor, and preferably all, must have a valid Weather Hazard training certification. Certification cards for those members who qualify will be checked.
- **Trek Safely Training:** At least one advisor, and preferably all plus the youth Crew Leader, must have a valid Trek Safely training certification. Certification cards for those members who qualify will be checked.
- **Swim Test / Safe Swim Defense / Safety Afloat:** To participate in the whitewater rafting trip during the Colorado Tour, each crew member, both youth and advisors, must pass the BSA swim test. At least one advisor, and preferably all, must have a valid Safe Swim Defense and Safety Afloat certifications. Certification cards for those members who qualify will be checked.
- **Airline Ticketing Information Form:** The form (in Word document format) must be submitted by e-mail to the Watchu Administrator.
- **Rafting Permission / Release Form:** Each crew member, both youth and advisors, who will be whitewater rafting must have a completed and signed Rafting Permission / Release Form. Youth members must also have the signatures of guardians.
- **Colorado Tour (Blue Sky Adventures) Release Form:** All members of your crew must have a completed and signed release form for Blue Sky Adventures, the Colorado tour operator. Youth members must also have the signatures of guardians.
- **Photo Identification:** All members of your crew should have a government issued Photo ID for air travel to and from Colorado. This requirement is an absolute for adults, while crew members 17 years old and younger can get by with two forms of identification other than a photo ID. However, to make things go without a hitch Chief Watchu strongly advises all to carry picture identification. The Lead Advisor initials the Passport when this requirement has been completed for each crew member.
- **BSA Health and Medical Record:** All members of your crew must have a fully completed and signed BSA "Annual Health and Medical Record." No substitutes will be accepted. The document must be signed by physician and crew member, and by a guardian for youths. All Medical Records will be collected at Watchu Mountain Adventure Check-In, and returned at the end of the weekend.
- **Philmont Talent Release Form:** All members of your crew must be listed and have signed the Philmont "Talent Release Form." Youth members must also have the signatures of guardians.
